958	August 22, 2016	<b>NOTICE OF MOTION</b> - I Councillor Vercouteren bring forward this Notice of Motion: WHEREAS it is widely understood and agreed that the number of Fire Department calls and the Fire Industry have declined drastically while the number of EMS/Medical Land Ambulance calls have increased drastically - more than the fire calls. AND since Council's discussion in June regarding Fire and the Ambulance Service for Chatham-Kent, now the taxpaying public are requesting information that I do not have. WHEREBY I am requesting a clear, complete and accurate report as to the true number of full-time fire fighters actually required for Chatham-Kent, keeping inmind the large majority of our local calls are the responsibility of our contracted Ambulance Service NOT our Fire Department. AND WHEREAS the firefighter's Collective Agreement term is December 31, 2106, and also the Land Ambulance Service contract, I am therefore requesting <b>a report be brought to Council for the Council meeting of September 19, 2016, and well before the Collective Agreements negotiations.</b> I so move.
