

Temporary Water System Instructions

Water Hotline - 226-797-4700

Water Jugs

If you have been provided with water jugs and a cooler, a delivery service has been arranged to replenish your empty water jugs with full ones every Friday. If you require water jugs, please contact the hotline before 11:00am, each Thursday, and delivery of your jugs will occur on Friday. Delivery times can vary, so please leave empty jugs outside of your door, and the driver will exchange them with full ones.

Bulk Water Tanks

If you have been provided with a bulk water tank, and your system is below 30%, please contact the hotline and a truck will be scheduled to attend your home within 48 hours for a refill. Water is sourced locally from the municipal water system.

**BULK WATER MAY NOT BE SAFE FOR HUMAN CONSUMPTION!
DO NOT CONSUME OR COOK WITH WATER FROM YOUR
HOME'S TAPS ONCE THE BULK WATER HAS BEEN INSTALLED!
PLEASE USE THE COOLER AND JUGS PROVIDED.**
